Mosaic (opus incertum)

[Call for Pricing](#)

Also known as "mosaic" or Opus Incertum, the product has irregular shapes, with varying size and thickness, and natural quarry face. Used for outdoor paving - streets, courtyards and terraces - but also for coverings, street walls and sidewalks. The stones are not processed but only selected as to thickness and size, and are classified as "normal", "thin", "giant" and "thin giant". Also known as "mosaic" or Opus Incertum.
